What are cookies?

Cookies are small files that are stored on the visitor's computer, holding the details of the visitor's activity on that particular website. Cookies assist in analyzing the website's traffic and allow web applications to respond to each individual/unique visitor. By recording the visitors preferences and input, the web application's operations are customized to each individual visitor, enhancing the browsing experience. Some cookies might contain personal data, e.g. when the visitor fills out the contact information sheet, a cookie might store the visitors input.

Cookies Used by NEPA

NEPA's website uses cookies to accommodate the visitor in the best possible way and to enhance the browsing experience on the NEPA website. These cookies allow NEPA to get a better insight in the use of the website, enabling NEPA to optimize its website to the visitors benefit. Please note that NEPA does not sell advertising space on their website and does not make use of cookies from advertisers. The following cookies are used on NEPA's website:

1. Functional cookies:

Functional cookies are a necessity as it allows the website and its features to work properly. Without functional cookies certain services or parts of the website would not function properly or be disabled. Functional cookies are also necessary for the visitor's experience as it remembers certain settings such as the input on the contact information sheet.

2. Analytical cookies:

Analytical cookies gather information on the visitor's use of NEPA's website. Through this information NEPA gets an insight in the visitor's behaviour and searches, allowing NEPA to tailor and adjust the website accordingly. By doing so, NEPA can enhance the visitors browsing experience. The analytical cookies used by NEPA are designed by Google Analytics and set privacy friendly.
